## About Us

Lyla was inspired to start Cotswold Wedding Co in 2016 after planning her own wedding in just 6 weeks. Since then, husband Ian has joined full time to organise, prepare for, and set up weddings.

We work with couples to create stunning weddings at barns and boutique hotels. Located in Cheltenham, we work at venues across the Cotswolds and further afield.

Our aim is to deliver remarkable service and beautiful wedding decor that lives up to, and exceeds, your expectations.

We want you to have the perfect wedding with the peace of mind that everything will be set up perfectly and on time.

From the moment you contact us, or book an appointment, we are committed to helping bring together your ideas, create a plan, and deliver your dream wedding.

## Drapes

Create a magical and elegant atmosphere with drape installations that sweep down from beams, and flow down walls, providing the perfect romantic look for your venue.

To create something extra-special, fairy lights can be added inside the drapes giving the material a beautiful sparkle.

Drapes come in a variety of lengths and widths depending on the type of installation you would like.

Our drapes are available in white, ivory and vintage pink. However, if you are looking for something a bit different, we can supply drapes in 150 colours, all of which match our chiffon chair sashes!

Our stylist will guide you through all the options available for drapes at your venue and will help you create something wonderful and special that everyone will love.

## Floral Hoops

Our floral hoops are big and bold and make an instant impact as guests walk through the door.

Each of our hoops is 1.5 metres wide (with flowers) and dressed with lush green foliage and white florals that create an eye catching focal point to your wedding.

If that isn't enough we have flowers in a range of colours that can be added to the white to create a floral display that blends with your colour theme.

Other additions include hanging wisteria, icicle lights hanging through the centre or micro fairy lights nestled between flowers. Our stylist is happy to discuss any other options.

Our hoops are hung securely using thin silver chains and can be hung from beams or cross wires depending on the venue.

## Floral Garlands

Floral garlands made with faux flowers are an excellent alternative to real flowers, especially when they look as good as ours!

Our beautiful floral garlands are densely packed with lush green foliage and white florals.

Our garlands are so flexible they can be used to decorate your wedding in a variety of ways, including framing doorways, as table arrangements, running along beams or attached to moon gates, archways or staircases.

Flowers in a range of colours can be added to the white in each garland to tie in nicely with your colour theme.

However you decide to use the garlands our team will install them safely and securely.

## Backdrops

Our gold faux floral moon gate and rustic wooden hexagon provide the perfect framework for stunning floral arrangements acting as the backdrop to ceremonies, top tables, photos, and more.

Additionally; drapes, fairy lights, hanging Edison bulbs and signage and other decorations can be used create something unique, personal and memorable.

The backdrop can also be moved to different locations throughout the day so you can make the most of it!

## Floral Bombs

Our faux floral bombs can be used as centrepieces, as a focal point for a snug or reception room, to frame the ceremony table or to fill empty space in the venue with something beautiful.

Our arrangements are 75cm in diameter and are dressed with lush green foliage and white florals.

We have a range of stands and vases to go with these beautiful displays including gold pedestals (pictured left) and rectangular metallic stands available in gold, silver, rose gold & black.

## Festoon Ladders

Our festoon ladders are draped with green foliage and festoon lights to create a magical ceiling feature, complementing the rustic nature of a barn wedding.

A hint of red runs through the foliage to create an autumnal warmth and further colour can be added to suit your style and colour scheme.

As an added detail, Edison bulbs are used to provide a warm light and create a sense of wonder.

Each ladder is 2.5m long and is hung from the beams using secure chains.

## Paper Lanterns

Paper lanterns create a magical backdrop for your big day, transforming your venue with a floating canopy of colour and providing an amazing wow factor as guests enter the room.

They can be used to accompany a white wedding or to complement and elevate your colour theme.

Our paper lanterns come in a range of colours and sizes and are installed using very thin, clear line.

Choose any combination of colour and size you wish from 34 beautiful colours, including white lace, available in sizes ranging from 15cm to 90cm in diameter.

The layout and height of the lanterns is to your specification. Popular layouts are scattered or straight lines.

LED lights can be added to some, or all, of the lanterns to create a soft glow as day turns to night.

## Lighting

Our decorative lighting can make a huge impact on your wedding day, adding warmth and elegance to any venue.

With a wide variety of lighting available we will always have something to enhance your venue and bring your vision to life.

Our range of lighting includes:

- white and soft white, dimmable, fairy lights (for indoor and outdoor use)
- icicle fairy lights
- micro fairy light strings
- micro fairy light curtains
- festoon lights (for indoor and outdoor use)
- Edison lights

## Trees

If you wish to truly amaze your guests then using our 1.8m tall trees as centrepieces will do just that! Our trees come with four variations of petals or leaves which can also be used on our two amazing canopy trees.

These trees are perfect for creating stunning centrepieces, providing backdrops to ceremonies, or beautifully framing doorways, walkways and aisles.

Add micro fairy lights around the trunk or in the branches for a magical sparkle or hang small decorations for a personal touch.

We can cover the base with a rich, green reindeer moss, chiffon or hessian fabric wrap, or even cover with table runners running down either side. Alternatively, ask your florist to create something special!

## Chair Sashes

Chair sashes transform any room, whether it's for the ceremony or the wedding breakfast, bringing your colour theme to life with soft, elegant fabric.

Our chiffon sashes come in 150 colours so you really can find the perfect colour (or colours!) to complement your bridesmaid dresses and decor.

We also have beautiful lace sashes in various colours to choose from.

Sashes are tied tightly with clear bands and finished with a silver clasp or a detail of your choice, for example, ribbons, flowers, foliage... or something else entirely!

Every chiffon sash is individually ironed before your wedding to make sure they are perfect for you and your guests.

## Table Runners

Our chiffon table runners will give your tables a hint of colour and a dash of sophistication.

Available in the same 150 colours as our chiffon chair sashes, you can match them to your sashes, bridesmaid dresses and colour theme.

We have narrow runners that lie flat or wide runners that can be ruffled to add texture to the table.

Table runners can be used on round tables, galley-style trestle tables and top tables. We will ensure they are ready and waiting at the venue before the tables are set for your wedding breakfast.

## Vases and Tableware

We have a large range of vases and tableware in different sizes that can be used to create beautiful, unique centrepieces.

We can work alongside your florist to provide what is required for your flowers. We also supply pillar candles (wax and LED), floating candles, tealights (wax and LED) and micro fairy lights.

Our range of stylish tableware can add subtle detail to a table or create a centrepiece on their own.

All our vases are cleaned and polished prior to setting up and we ensure they are ready and waiting for your florist to arrive on your big day.

## Lanterns

Lanterns are a classic wedding feature creating a warm and welcoming atmosphere.

Our six distinct styles and colours, in a range of sizes, provide plenty of choice to complement your theme.

Our lanterns can be used down aisles, to create centrepieces, at the base of archways and moon gates, to frame doorways, along ledges and windowsills, in alcoves and even on bar tables.

Wax candles, LED candles or micro fairy lights can be used to create an ambient glow and foliage and florals add that extra special detail.

## LOVE Letters

LOVE letters are always very popular, but ours offer something unique... they change colour!

With colour changing LED bulbs our LOVE letters come in nine different colours with four levels of brightness. Choose a colour that works with your theme or even choose a colour gradient.

## Post Boxes

Collect your guests cards in one place using one of our post boxes. They are also great for attracting guests to your welcome table, to grab some confetti or write in your guest book.

Go classic or rustic with three different options to choose from. We will deliver and set up your post box and collect it the next day - don't worry, we always check to make sure you've collected your post before taking it away!

## Table Plans/Order of the Day Displays

Some information at a wedding is vital and some is just good to know! Keep your guests informed with our attractive display stands.

Our display stands are completely customisable and allow you to create and design an eye-catching table plan or order of the day.

Use vinyl, individual cards or large boards to create something unique to your wedding.

We will order vinyl or take delivery from a stationer and bring your ideas together ready for the big day.
